- COTS Integration
- Data Analytics
- Database Design
- Enterprise Architecture
- Verification & Validation

Managed Services

- Network Support
- Security Management
- Communications Services
- Software as-a Service (SaaS)
- Help Desk Support
- IT Operations Outsourcing

Highlighted Clients

- **VA Agile Center of Excellence (ACOE).** CFT delivers technical solutions support to VA's ACOE, including application development, tiered help desk support, user account security control, O&M, and cloud services. Our support enables the ACOE to continue driving VA's Agile, DevSecOps, and product line management (PLM) cultural transformation, ensuring project teams rapidly deliver high-quality solutions for our Veterans.
- **VA Compliance Readiness Directorate (CRD).** CFT provides comprehensive communications and change management support for all VA audit cycle processes. We manage, coordinate, and report responses to audit findings in the Audit Portal; capture audit cycle trends and lessons learned; implement communication strategies; and continuously audit processes to ensure minimal impact on VA partners.
- **Army Personnel Enterprise Decision Support System (PEDSS).** CFT maintains the Army's mission-critical PEDSS system, enabling the Army HQ personnel branch to plan, program, budget for, assign, and track Army personnel strength. Our support helps the Army make mission-critical personnel decisions in real-time, ensuring a robust, secure, and reliable system.
